- ❖ Check the number of course units in the Catalog when registering for GEs. Most GE courses are 4 units, but there are a few that are 3 or 5 units.
- ❖ Check the Writing Experience and Social-Cultural Diversity lists in the Catalog and Bulletin. Some courses that satisfy the Writing Experience and/or Social-Cultural Diversity requirements will not satisfy any Topical Breadth requirement.
- ❖ Each major and minor is assigned to an area of Topical Breadth (a list appears in the General Catalog). If you complete a minor (or a second major) it might count towards satisfying Topical Breadth requirements.
- ❖ You must satisfy the Entry Level Writing Requirement (formerly Subject A) before receiving writing experience credit for any general education course.
- ❖ You cannot receive GE writing experience credit for any course taken to satisfy the lower or upper division composition requirement.
- ❖ All GEs must be taken for a letter grade.
